Comes now the Iowa Department of Transportation and states that the public interest requires that certain rights be acquired in Agricultural land by Condemnation proceedings. The Iowa Department of Transportation, acting on behalf of the State of Iowa and/or its political subdivisions, has not been able to secure rights in lands by purchase and conveyance for the improvement of roads and streets. In accordance with Sec. 6B.2A, 6B.2B and 6B.3, the Code of Iowa, as amended by H.F. 476, the following is set forth:

Description: The lands and/or property rights sought to be condemned or affected are described on the attached Notice of Condemnation which is made a part of this Application.

Plat: The location of the right of way or other property rights sought to be condemned or affected are shown on the plat(s) attached to and a part of the attached Notice of Condemnation.

Minimum Land Needs: The minimum amount of land necessary to achieve the public purpose is as described in and shown on the Notice of Condemnation and attached plat(s).

Names and Addresses: The names and addresses of the record owners, lienholders, encumbrancers and other persons affected by this proceeding are listed on the attached Notice of Condemnation.

Purpose: The Department of Transportation desires the rights specified in the lands sought to be condemned for the improvement and/or maintenance of roads and streets within the State of Iowa.

Statement of Individual Rights: The Iowa Department of Transportation has provided the owner(s) with a statement of their individual rights and written notification as required under Sec. 6B.2A.

Good Faith Negotiations: The Applicant has made an effort to negotiate in good faith with the

owner(s) to acquire the property sought to be condemned. These efforts include:

1. Provided the owner(s) with written notification at least 30 days prior to the intent to proceed with this public improvement.
2. Provided the owner(s) with a copy of the appraisal of the property sought.
3. Discussed the basis of determining value.
4. Reviewed the project design plans.
5. Discussed the contents of the acquisition contract.
6. Addressed owner's questions and concerns.
7. Provided the owner(s) with a written offer of the fair market value.

Based on these efforts, we were unable to reach an agreement.

Agricultural Land: A part of the lands sought to be appropriated may be classified as Class I or Class II within an agricultural area and, if so classified, is reasonably necessary for this internal improvement.

Request: NOW, THEREFORE, the Iowa Department of Transportation hereby requests the appointment of a compensation commission of six qualified persons to view the premises and appraise the damages which the owners, lienholders, encumbrancers and other persons affected will sustain by reason of this Condemnation.
