I request that the Iowa Board of Examiners for Voting Systems examine and test the system described above and in the attached documents for the purpose of determining whether this voting system will be certified for use in the State of Iowa. I will pay the costs of this examination, including the examiners' fees and expenses. I understand that the examiners' fee of one hundred fifty dollars each is to be paid before the examination begins.

I will also pay the fees of any consultants employed by the examiners to assist in the evaluation of the equipment and to advise the examiners as to the sufficiency of the equipment. I understand that I have the right to suggest the names of reliable independent test authorities to the examiners and may decline to submit the equipment to the examination of an individual for good reason. I understand that a production model of the equipment submitted for certification shall be made available to the examiners and their consultant, if any.

I agree to submit this equipment for further examination if any changes are made following its approval for use. I understand that certification will be denied or rescinded if the examiners determine that this voting system does not meet the requirements of the Code of Iowa and the Iowa Administrative Code. I understand that voting systems that have not been approved by the Examiners cannot be used at any election in the State of Iowa.
