INSTRUCTIONS for Application for Registration of Mark

IT IS IMPORTANT that you read and understand these instructions before you begin to complete the application form. Failure to complete the form correctly or to provide all the requested information will result in the application being returned.

All items must be completed before the application will be considered. If there is insufficient space on the form to provide all requested information, use additional pages as required, numbering to correspond to the item. Other documents or materials may be attached to the application. In such cases the material or documents should be referenced in the form and clearly marked for ease of identification.

An application for registration of trademark or service mark must include one specimen demonstrating current use of the mark in commerce at the point of sale of the applied-for class of goods or in the sale or advertising of the applied-for class of services. Specimens of use are required because they show that the mark is actually in use in commerce and demonstrate the manner in which the mark is being seen by the public. Artwork not clearly connected to any use in commerce does not constitute a specimen of use. Applications submitted with only such artwork meant to satisfy the specimen of use requirement will be rejected.

Item 1 Print the name of the applicant. If the applicant is other than a natural person, the complete legal name of the business entity must be provided.

Item 2 Print the business address of the applicant.

Item 3 Check the box that describes the applicant. If "other" is checked, state the type of entity; for example: "partnership."

3a If the applicant is a corporation or other business entity, print the name of the state in which the entity is incorporated or registered.

3b If the applicant is a partnership or limited partnership, print the name of the state under whose laws the partnership was organized, and the legal name of each of the general partners.

Item 4 Describe the type of business engaged in by applicant. Be as specific as possible; e.g. a company in the business of manufacturing and selling track mounted earth moving equipment; or a business providing dental services for children.

Item 5 Describe what goods or services the mark is meant to indicate the source of. Be as specific as possible.

For example:

- do not just say "lawn services" - instead, specify the types of services being provided: "mowing, edging, leaf removal, and snow removal";
- do not just say "schools" - instead, specify "school sports programs";
- do not just say "food" - instead, specify the types of food being promoted: "hamburgers, hot dogs, salads, and traditional side dishes".

Item 6 Indicate the class number **and** the class title of goods or services that will carry the mark. This information can be found further on in these instructions, or may be obtained from the Secretary of State by calling 515-281-5204.

ONLY ONE CLASS MAY APPEAR ON THE APPLICATION If multiple classes are sought, each class must appear on a separate application.

Item 7 Provide a brief description of the way applicant is using the proposed mark. Be specific and include all ways the mark is being used. The specimen of current use that applicant includes with the application must demonstrate at least one of the listed associations.

For example:

- “as a brand name to appear on the tags of women’s fashion clothing”;
- “as a logo to appear on a website, on the sides of service trucks, and on staff apparel to promote lawn services”;
- “as a logo to appear on product packaging”;
- “as a slogan to introduce or promote the sports segment of a TV news program”;
- “as an insignia on signage, t-shirts, sweatshirts, jackets, coolers, pennants, and additional promotional items to promote school sports programs”

Item 8 Describe the proposed mark in sufficient detail such that a person who has not seen the mark would be able to comprehend what it looks like after reading the description. The description should include any colors which will be used, any specific fonts applied to words, or any specific designs, shapes or borders.

Item 9 List any word, phrase, design or shape included in the proposed mark for which exclusive use is disclaimed or not being sought.

Item 10 State the date the mark was first used in commerce in the state of Iowa. For advice on what kinds of uses constitute use of a mark "in commerce" for goods or services, please consult an attorney who is experienced in trademark application prosecution. If the first use of the mark in commerce was outside the State of Iowa, then also give the date of that first use and the name of the state in which it occurred.

Item 11 If an application to register the proposed mark, any portion of the mark, or any composite including all or part of the proposed mark has been filed in the United States Patent and Trademark Office, this section must be completed.

Item 12 In reviewing the proposed mark, if the possibility exists that the mark may be rejected as descriptive or misdescriptive of the goods or services, the applicant may submit with the application such documentation or other evidence, as provided in Iowa Code section 548.102(5)(b), to establish that the mark has acquired "secondary meaning" - in other words, that the public has come to associate the applied-for mark with a single source or producer.

***REMEMBER TO SIGN AND DATE THE APPLICATION ON THE BOTTOM OF THE 2ND PAGE.**

NOTES: The application fee is \$10.00. Make checks payable to SECRETARY OF STATE

An application will not be filed unless the application and accompanying facsimiles or specimens are in proper form, comply with the statutory requirements and are accompanied by the fee established by rule.
