¹Other Asian alone, or two or more Asian categories.

²Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

³One of the four most commonly reported multiple-race combinations nationwide in Census 2010.

⁴In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may report more than one race.

⁵This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as 'Latino' or 'Hispanic.'

⁶The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant 'for sale.' It is computed by dividing the total number of vacant units 'for sale only' by the sum of owner-occupied units, vacant units that are 'for sale only', and vacant units that have been sold but not yet occupied; and then multiplying by 100.

⁷The rental vacancy rate is the proportion of the rental inventory that is vacant 'for rent.' It is computed by dividing the total number of vacant units 'for rent' by the sum of the renter-occupied units, vacant units that are 'for rent,' and vacant units that have been rented but not yet occupied; and then multiplying by 100.

¹Other Asian alone, or two or more Asian categories.

²Other Pacific Islander alone, or two or more Native Hawaiian and Other Pacific Islander categories.

³One of the four most commonly reported multiple-race combinations nationwide in Census 2010.

⁴In combination with one or more of the other races listed. The six numbers may add to more than the total population, and the six percentages may add to more than 100 percent because individuals may report more than one race.

⁵This category is composed of people whose origins are from the Dominican Republic, Spain, and Spanish-speaking Central or South American countries. It also includes general origin responses such as 'Latino' or 'Hispanic.'

⁶The homeowner vacancy rate is the proportion of the homeowner inventory that is vacant 'for sale.' It is computed by dividing the total number of vacant units 'for sale only' by the sum of owner-occupied units, vacant units that are 'for sale only', and vacant units that have been sold but not yet occupied; and then multiplying by 100.

⁷The rental vacancy rate is the proportion of the rental inventory that is vacant 'for rent.' It is computed by dividing the total number of vacant units 'for rent' by the sum of the renter-occupied units, vacant units that are 'for rent,' and vacant units that have been rented but not yet occupied; and then multiplying by 100.
