

General Election ImageCast Precinct – ATI

In Person Absentee Voting Instructions

A precinct election official must start the voting session for you. Ask the precinct election officials for assistance if you need help using the external keypad. Use headphones to hear the ballot read aloud.

Use the volume and rate buttons on the keypad to control the volume and speed at which the ballot is read. Press the rectangular green button for help.

1. Mark your ballot.

Use the yellow left and right arrows to navigate to a different race. Use the blue up and down buttons to navigate to a different candidate.

Use the red “X” button to select a race or to select your choice for a candidate. To change or deselect your choice, press the red “X” button. Use the blue down arrow to move through the selections.

Each office title lists the number of candidates for which you may vote. Do not mark more choices than that number. You may choose to vote for fewer candidates, or you may skip any race.

If you mark too many choices in a race, the votes for that race cannot be counted. The other correctly marked races will be counted.

You may override your straight party vote for any office by selecting the candidate(s) for whom you wish to vote. Your straight party vote will not count for that office.

2. Review your ballot.

To review your ballot after choosing your selections, press the blue down arrow. Use the yellow right arrow to move through your selections.

3. Cast your ballot.

Place your ballot in the secrecy envelope (if provided) and then place the secrecy envelope/ballot inside the affidavit envelope.

Complete and sign the affidavit envelope.

Seal the affidavit envelope and return it to an election official.
