

**State of Iowa  
Signature Calculation Worksheet  
Plan 3 Supervisor Districts**

**District Number:** \_\_\_\_\_

*Use additional sheets for each supervisor district.*

1. List the precincts in the supervisor district. Determine the total number of votes cast for each party's candidate for governor or president at the last general election in each precinct. The total number of votes cast must include both election day and absentee votes.

District Number: _____		
Precincts	Democrat Candidate Total	Republican Candidate Total
<b>Total</b>		

2. If more than 5,000 votes were cast for a candidate, the minimum number of signatures required is 100. If less than 5,000 votes were cast, continue to step #3.
3. Determine the minimum number of signatures required for each party.

\_\_\_\_\_ X 0.02 = \_\_\_\_\_ (round up to the next whole number)  
Democrat candidate total in district

\_\_\_\_\_ X 0.02 = \_\_\_\_\_ (round up to the next whole number)  
Republican candidate total in district
