

Changes for Precinct Atlas – Version 2.8

*****New Default Database Required to use Version 2.8*****

(instructions for installing and restoring are available on the SOS website here:

<https://www.sos.state.ia.us/pdfs/elections/precinctatlas/installing2-8.pdf>)

Button Added – “PEO is challenger” button on Provisional screen (if the PEO is the one challenging the voter, this button will be used)

Program Addition – Write-in module (will be covered in a webinar training)

Program Change – After EDR, the cursor will be active in the Last Name search field

New Report – Voter Assistance Report (shows voters who received assistance when voting)

New Report – Provisional Ballot Report

Program Change – Added dates for PEO and voter termination (Altered reports also)

Program Change – Added provision for when PEOs call the auditor’s office to confirm that an absentee voter’s ballot has not been received by the auditor.

Program Change – More inclusive test for EDRs (Driver’s License and SSAN now included in test) to prevent duplicate registrations.

Program Change – Dual check for Already Registered / Felon Person for an EDR voter.
